

1 WEEK USE OF AN OCEAN FRONT CONDO IN SAN DIEGO!

If your idea of heaven is listening to ocean waves ... this place is for YOU!

Condo is one of only 4 in a cliff side building in the Ocean Beach area of San Diego, CA. Ocean Beach - or 'OB' to the locals - is described as *"Seven Square Miles Surrounded by Reality."* One of the early surfer & 'hippy' areas of Southern California, it breathes relaxation. Watch the pelicans flying in formation, spot dolphins riding the waves, see whales (during the migratory season), experience the sun setting over the ocean, hear the waves - all without even leaving the unit!

Week must be used by March 31, 2015, and is subject to availability. "Blackout dates": July 4th week, Thanksgiving and December 16, 2014 - January 1, 2015.
