## KRAEMER ENDOWMENT FOUNDATION

Kraemer Endowment Foundation was established in 1992 to ensure the financial future of St. Madeleine Sophie's Center by safeguarding assets through careful and intelligent investments. It exists to protect the essential quality programs unique to the Center. KEF has grown from assets worth $200,000 in 1993 to approximately $17,500,000, providing monthly, unrestricted aid to SMSC equaling an estimated annual contribution of approximately $900,000. Since its founding, KEF has provided over $9,000,000 in total support.

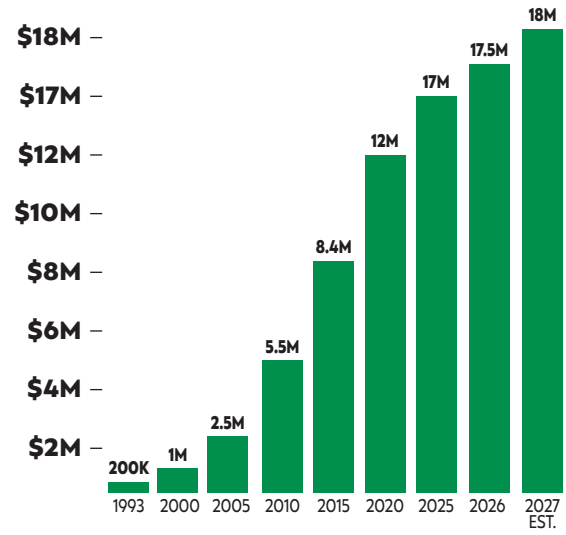

The name, Kraemer Endowment Foundation for St. Madeleine Sophie's Center, underscores the close ties between the Center and the Foundation. The two organizations, together with friends and contributors, are partners in the same life-giving work of providing the best programs and opportunities possible.

## KEF GOALS

- Maintain a $17.5 million endowment with the goal to increase to $18 million by year-end of 2027, to support the long-term future of St. Madeleine Sophie's Center.
- Make available to the Center interest earned on investments to support SMSC's current expenses and increasing needs.
- Assist in sustaining the high quality and effectiveness of programs at SMSC, particularly those programs that create independence, foster growth in self-esteem and develop the lives of adults at the Center.
